

MIND FORWARD EDUCATIONAL AND SKILLS TRAINING WORKSHOP

Care for the Invisible Disability - Supporting Loved Ones with Hearing Loss

SPEAKER: Sunita Pereira - Gerontology Activation Specialist, Hearing Care Counsellor with the Canadian Hearing Society

This Workshop will provide participants with information on how to identify and support those with changes in their hearing. Repeating, miscommunicating, and misunderstandings are barriers to effective communication and place stresses on time management. To maximize quality time with your loved one, join us to learn about the signs of hearing loss and learn effective communication strategies which can be readily implemented. The presenter will also talk about the testing process, Non-Hearing Aid options, as well as provide an opportunity for live demonstrations of some assistive devices. Attend this workshop to learn valuable tips to support your loved ones with hearing loss.

Removing Communication Barriers – Improves Connections.

Have Your Questions Answered by a Professional

Join Us on: **Wednesday, November 14th, 2018**

7:00 pm to 8:30 pm

Workshop Location: Mississauga (Head Office) – 176 Robert Speck Parkway, Mississauga

All Mind Forward Educational and Skills Training Workshops are open to individuals with an acquired brain injury, their family, friends and caregivers, Mind Forward staff, community partners/ staff, and interested members of the public. The goal of these workshops is to promote; awareness, education, information, and facilitate and encourage peer support.

All events are FREE and refreshments will be provided. Please contact Ruth.Spencer@mindforward.org, if you require any additional information.

PHD ABIS is funded by the Ministry of Health and Long Term Care, and the Central West and Mississauga Halton Local Health Integrated Networks (LHINs).
